## Your Risk Management Health Check Profile

#### **Score 20 -27**

The organisation is not demonstrating an acceptable Duty of Care to its travelling workforce and is at risk from legislative and corporate governance issues such as Civil Litigation (US)The Health and Safety at work Act(UK), Occupational Safety and Health Act (US) and The Corporate Manslaughter Act (UK). The legislation looks at an organisations management practises and procedures to deem whether all reasonable steps are taken to maintain the health, safety and wellbeing of employees. An immediate review of the organisations procedures should be conducted.

#### **Score 28 - 35**

The organisation has considered its Duty of Care obligations and has developed policies. These policies and procedures have not been communicated throughout the organisation effectively and the workforce / travellers do not know how to comply with them. A review and gap analysis should be conducted to understand how policies and procedures can be communicated and re-enforced to travelling employees.

#### Score 35+

The organisation has developed a comprehensive Travel Risk Management program and demonstrates a clear and high level Duty of Care to the workforce and its travelling employees
